

# Already Gone

**Verse 1** Well, I heard some people talkin' just the other day  
And they said you were gonna put me on a shelf  
But let me tell you I got some news for you                      And you'll soon find out it's true  
And then you'll have to eat your lunch all by yourself

**Chorus'** Cause I'm already gone                      And I'm feelin' strong  
I will sing this vict'ry song,                      woo, hoo,hoo,                      woo,hoo,hoo

**Verse 2** The letter that you wrote me                      made me stop and wonder why  
But I guess you felt like you had to set things right  
Just remember this, my girl,                      when you look up in the sky  
You can see the stars and still not see the light (that's right)

**Chorus** And I'm already gone                      And I'm feelin' strong  
I will sing this vict'ry song,                      woo, hoo,hoo,                      woo, hoo,hoo

## GTR Solo

**Verse 3** Well I know it wasn't you who held me down  
(with oohs) Heaven knows it wasn't you who set me free  
So often times it happens                      that we live our lives in chains  
And we never even know we have the key

**Chorus** But me, I'm already gone                      And I'm feelin' strong  
I will sing this vict'ry song                      'Cause I'm already gone

**Chorus** Yes, I'm already gone                      And I'm feelin' strong  
I will sing this vict'ry song                      'Cause I'm already gone

**Chorus** Yes, I'm already gone                      Already gone    All right, nighty-night (repeat to fade)
