

## MORE THAN WORDS

**Verse 1**      Saying I love you                      is not the words I want to hear from you  
It's not that I want you                      Not to say, but if you only knew  
How easy    it would be to show me how you feel  
More than words is all you have to do to make it real  
Then you wouldn't have to say that you love me      'Cause I'd already know

**Chorus**      What would you do                                      if my heart was torn in two  
More than words to show you feel      That your love for me is real  
What would you say                                      if I took those words away  
Then you couldn't make things new      Just by saying I love you

**Verse 2**      Now that I've tried to                      talk to you and make you understand  
All you have to do                                      is close your eyes and just reach out your hands  
and touch me    hold me close don't ever let me go  
More than words is all I ever needed you to show  
Then you wouldn't have to say that you love me  
'Cause I'd already know

**Chorus**      What would you do                                      if my heart was torn in two  
More than words to show you feel      That your love for me is real  
What would you say                                      if I took those words away  
Then you couldn't make things new      Just by saying I love you
